

Radiograph Set Submission Form

This form is to be completed and signed by the Resident and by the Supervisor.
A Radiograph Set will **not** be reviewed if this completed Submission Form, including Supervisor signature, is not included in the DMS document.

It is strongly advised that residents and their supervisor use the Credential Committee radiograph review form to complete a self-assessment of the radiograph set before submitting them to the Credential Committee for review. The comments included on the review form describe common reasons for non-approval of radiograph set submissions.
